Quick Look

-

(circa 2020)

1/8 road projects(60 in total) in New York were sidewalk extensions, the largest being 21660 sq. ft. – a large stretch of corridor that didn't previously have a sidewalk.

In a vehicle survey nearing 1000 participants, 5.5% of people were non-drivers.

In San Francisco, 660 out of 2,013 streets had no trash can placement at all.

All surveys in the state of Texas(2023) >>

- Texas ranks 11th in obesity, with a 33% obesity rate...

New state law allows walking on roads when sidewalks are blocked or unsafe

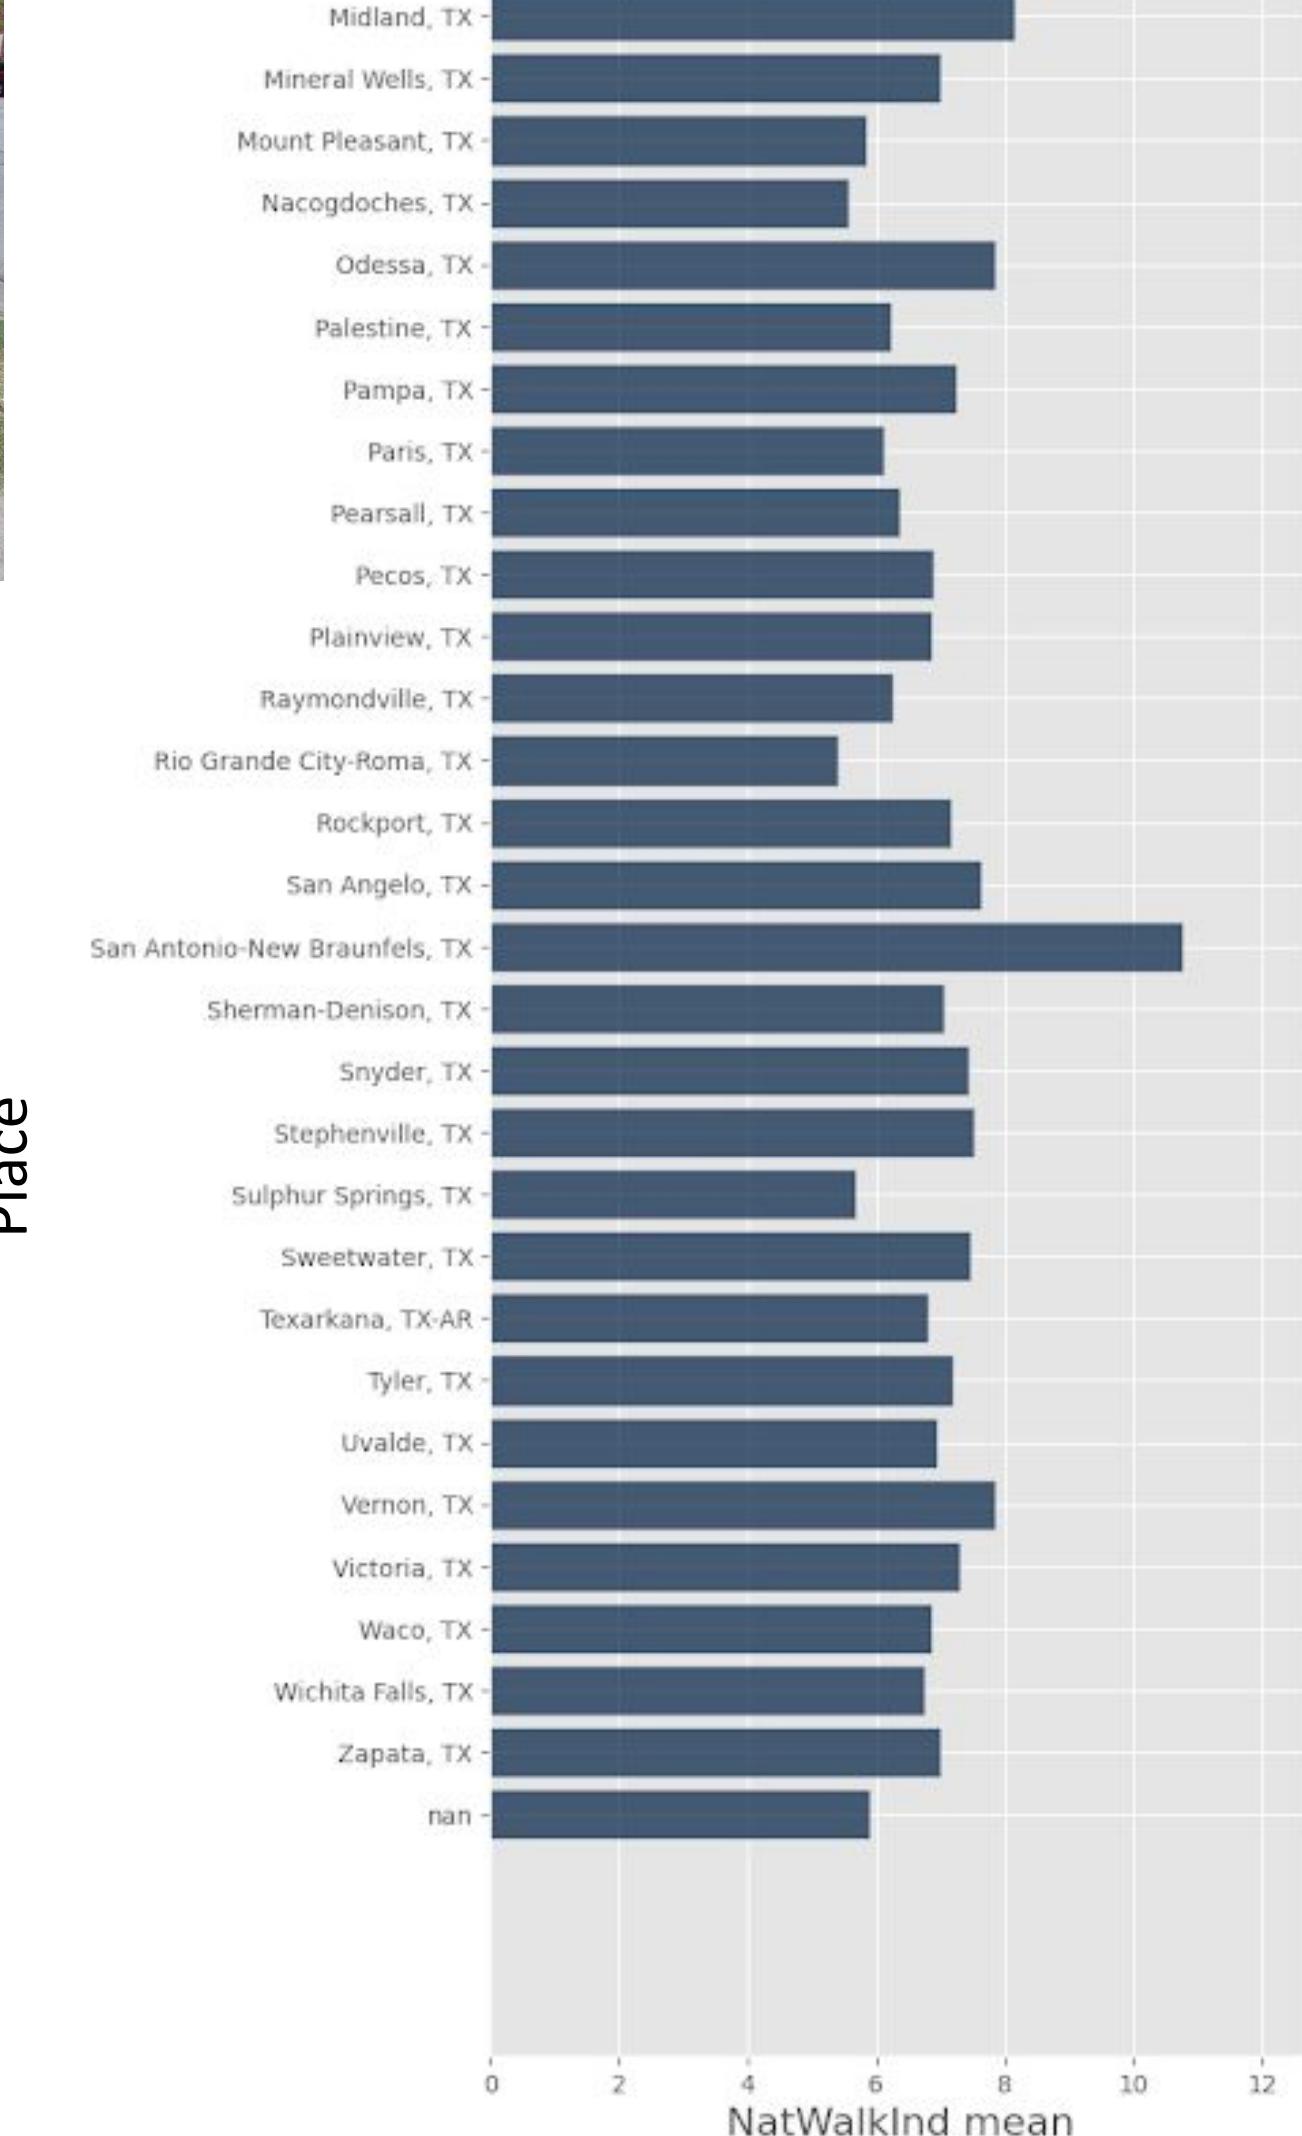

The law restricting pedestrians from walking on roads has been revised to let pedestrians use roadways in certain situations.

Texas Tribune 2023

Louisiana has an average Walk Score of 37, out of a scale of 100.

Final statistics:

With current trends, it is projected that by 2035, 51% of people in the world will be considered obese.

For Americans, the rate is expected to only increase from its 2017–2020 census of 41.9%.
